INDEX TO VOLUME 11, 1993

Author index

Basmajian A (*see* Hume and Basmajian). 1993;11:23-4 (Guest editorial)
Boger MP. Making nursing research work for clients. 1993;11:25
Brannon S. Vascular rehabilitation: structured, yet flexible and creative. 1993;11:54-5
Butler L, Fahey V. Acute arterial occlusion of the lower extremity. 1993;11:19-22

Ciaccia JM. Benefits of a structured peripheral arterial vascular rehabilitation program. 1993;11:1-4
Crosby FE, Ventura MR, Frainier MA, Wu Y-WB. Well-being and concerns of patients with peripheral arterial occlusive disease. 1993;11:5-11
Crouch MA. Urokinase therapy in mesenteric venous thrombosis: a case study. 1993;11:99-103

Dixon V (*see* Lovell et al). 1993;11:43-7
Dougher MJ (*see* Sabatino et al). 1993;11:111-5

Ekers MA. Physician support for a vascular rehabilitation program: when, where, and how to get it. 1993;11:26-7
——. The secret's out. 1993;11:83-5 (Pres. address)

Fahey V (*see* Butler and Fahey). 1993;11:19-22
Foldes MS. The role of duplex and color Doppler imaging in the operating room. 1993;11:108-10
Frainier MA (*see* Crosby et al). 1993;11:5-11

Harris KA (*see* Lovell et al). 1993;11:43-7
Hart BP. Vascular consequences of smoking and benefits of smoking cessation. 1993;11:48-51
Hume M, Basmajian A. Venous ulcers, the nurse, and the health care budget. 1993;11:23-4 (Guest editorial)

Jamieson WG (*see* Lovell et al). 1993;11:43-7

Kee JC (*see* Sabatino et al). 1993;11:111-5
Kurgan A (*see* Nunnelee and Kurgan). 1993;11:80-2

Lovell MB, Dixon V, Harris KA, Jamieson WG. The management of chronic venous disease. 1993;11:43-7

Matula PA. Management of patients undergoing vascular surgery who are receiving epidural analgesia. 1993;11:104-7
Maune J. Selecting a treadmill for home use. 1993;11:86

Notowitz LB. Normal venous anatomy and physiology of the lower extremity. 1993;11:39-42
Nunnelee JD, Kurgan A. Interruption of the inferior vena cava for venous thromboembolic disease. 1993;11:80-2

O'Flynn I. Three methods of taking the brachial systolic pressure to measure the ankle/brachial index: Which one is best? 1993;11:71-5

Rudolphi D. An update on the peripheral pseudoaneurysm. 1993;11:67-70

Sabatino KA, Dougher MJ, Kee JC. Research: conception to completion. 1993;11:111-5
Smith CR. Critiquing the hard part: research design and data analysis. 1993;11:116-21
——. The research process. 1993;11:52-3

Troyer-Caudle J. Reperfusion injury. 1993;11:76-9
Trujillo EB. Effects of nutritional status on wound healing. 1993;11:12-8

Ventura MR (*see* Crosby et al). 1993;11:5-11

Wu Y-WB (*see* Crosby et al). 1993;11:5-11

Subject index

Analgesia, epidural
Management of patients undergoing vascular surgery who are receiving epidural analgesia (Matula). 1993;11:104-7
Anatomy
The management of chronic venous disease (Lovell et al). 1993;11:43-7
Normal venous anatomy and physiology of the lower extremity (Notowitz). 1993;11:39-42
Aneurysm
An update on the peripheral pseudoaneurysm (Rudolphi). 1993;11:67-70
Ankle
Three methods of taking the brachial systolic pressure to measure the ankle/brachial index: Which one is best? (O'Flynn). 1993;11:71-5
Arterial occlusive diseases
Acute arterial occlusion of the lower extremity (Butler and Fahey). 1993;11:19-22
Well-being and concerns of patients with peripheral arterial occlusive disease (Crosby et al). 1993;11:5-11
Atherosclerosis
Benefits of a structured peripheral arterial vascular rehabilitation program (Ciaccia). 1993;11:1-4
Vascular consequences of smoking and benefits of smoking cessation (Hart). 1993;11:48-51

Blood pressure
Three methods of taking the brachial systolic pressure to measure the ankle/brachial index: Which one is best? (O'Flynn). 1993;11:71-5
Brachial artery
Three methods of taking the brachial systolic pressure to measure the ankle/brachial index: Which one is best? (O'Flynn). 1993;11:71-5
Budgets
Venous ulcers, the nurse, and the health care budget (Hume and Basmajian). 1993;11:23-4 (Guest editorial)

Carotid endarterectomy; *see* **Endarterectomy, carotid**
Color Doppler imaging; *see* **Ultrasonography**
Concerns of patients; *see* **Patient concerns**
Cost benefit analysis
Venous ulcers, the nurse, and the health care budget (Hume and Basmajian). 1993;11:23-4 (Guest editorial)
Critique; *see* **Evaluation studies**

Data analysis; *see* **Statistics**
Doppler imaging; *see* **Ultrasonography**
Duplex Doppler imaging; *see* **Ultrasonography**

Editorials
Venous ulcers, the nurse, and the health care budget (Hume and Basmajian). 1993;11:23-4 (Guest editorial)
Embolism
Acute arterial occlusion of the lower extremity (Butler and Fahey). 1993;11:19-22
Endarterectomy, carotid
The role of duplex and color Doppler imaging in the operating room (Foldes). 1993;11:108-10
Epidural analgesia; *see* **Analgesia, epidural**
Evaluation studies
Critiquing the hard part: research design and data analysis (Smith). 1993;11:116-21
Exercise
Benefits of a structured peripheral arterial vascular rehabilitation program (Ciaccia). 1993;11:1-4
Selecting a treadmill for home use (Maune). 1993;11:86

Guest editorials
Venous ulcers, the nurse, and the health care budget (Hume and Basmajian). 1993;11:23-4

Hematoma
An update on the peripheral pseudoaneurysm (Rudolphi). 1993;11:67-70

Home nursing
Benefits of a structured peripheral arterial vascular rehabilitation program (Ciaccia). 1993;11:1-4

In the literature
In the literature. 1993;11:28, 57, 88, 123
Inferior vena cava; *see* **Vena cava, inferior**
Intermittent claudication
Selecting a treadmill for home use (Maune). 1993;11:86
Ischemia
Reperfusion injury (Troyer-Caudle). 1993;11:76-9

Leg
Acute arterial occlusion of the lower extremity (Butler and Fahey). 1993;11:19-22
Normal venous anatomy and physiology of the lower extremity (Notowitz). 1993;11:39-42

Malnutrition
Effects of nutritional status on wound healing (Trujillo). 1993;11:12-8
Mesenteric veins
Urokinase therapy in mesenteric venous thrombosis: a case study (Crouch). 1993;11:99-103
Message from the President
Message from the President. 1993;11:31, 59, 90, 125

Nursing research
Critiquing the hard part: research design and data analysis (Smith). 1993;11:116-21
Making nursing research work for clients (Boger). 1993;11:25
Research: conception to completion (Sabatino et al). 1993;11:111-5
The research process (Smith). 1993;11:52-3
Nutritional status
Effects of nutritional status on wound healing (Trujillo). 1993;11:12-8

Operating room
The role of duplex and color Doppler imaging in the operating room (Foldes). 1993;11:108-10

Pain
Management of patients undergoing vascular surgery who are receiving epidural analgesia (Matula). 1993;11:104-7
Patient concerns
Well-being and concerns of patients with peripheral arterial occlusive disease (Crosby et al). 1993;11:5-11
Peripheral arterial occlusive disease; *see* **Arterial occlusive diseases**
Peripheral vascular diseases
An update on the peripheral pseudoaneurysm (Rudolphi). 1993;11:67-70
Physician support
Physician support for a vascular rehabilitation program: when, where, and how to get it (Ekers). 1993;11:26-7
Physiology
The management of chronic venous disease (Lovell et al). 1993;11:43-7
Normal venous anatomy and physiology of the lower extremity (Notowitz). 1993;11:39-42
Practicing nursing research
Critiquing the hard part: research design and data analysis (Smith). 1993;11:116-21
Making nursing research work for clients (Boger). 1993;11:25
The research process (Smith). 1993;11:52-3
President's address
The secret's out (Ekers). 1993;11:83-5
Pseudoaneurysm; *see* **Aneurysm**

Recent vascular nursing publications
Recent vascular nursing publications. 1993;11:27-8, 56, 87, 123
Rehabilitation
Benefits of a structured peripheral arterial vascular rehabilitation program (Ciaccia). 1993;11:1-4
Physician support for a vascular rehabilitation program: when, where, and how to get it (Ekers). 1993;11:26-7

Rehabilitation—cont'd
Vascular rehabilitation: structured, yet flexible and creative (Brannon). 1993;11:54-5
Reperfusion injury
Reperfusion injury (Troyer-Caudle). 1993;11:76-9
Research
Critiquing the hard part: research design and data analysis (Smith). 1993;11:116-21
Making nursing research work for clients (Boger). 1993;11:25
Research: conception to completion (Sabatino et al). 1993;11:111-5
The research process (Smith). 1993;11:52-3

Smoking
Vascular consequences of smoking and benefits of smoking cessation (Hart). 1993;11:48-51
Smoking cessation
Vascular consequences of smoking and benefits of smoking cessation (Hart). 1993;11:48-51
Society for Vascular Nursing
The secret's out (Ekers). 1993;11:83-5 (Pres. address)
Statistics
Critiquing the hard part: research design and data analysis (Smith). 1993;11:116-21
Systole
Three methods of taking the brachial systolic pressure to measure the ankle/brachial index: Which one is best? (O'Flynn). 1993;11:71-5

Thromboembolism
Interruption of the inferior vena cava for venous thromboembolic disease (Nunnelee and Kurgan). 1993;11:80-2
Thrombolytic therapy
Reperfusion injury (Troyer-Caudle). 1993;11:76-9
Thrombophlebitis
Urokinase therapy in mesenteric venous thrombosis: a case study (Crouch). 1993;11:99-103
Thrombosis
Acute arterial occlusion of the lower extremity (Butler and Fahey). 1993;11:19-22
Treadmill
Selecting a treadmill for home use (Maune). 1993;11:86

Ulcer
Venous ulcers, the nurse, and the health care budget (Hume and Basmajian). 1993;11:23-4 (Guest editorial)
Ultrasonography
The role of duplex and color Doppler imaging in the operating room (Foldes). 1993;11:108-10
Upcoming educational programs
Upcoming educational programs. 1993;11:30, 56, 88, 122
Urokinase
Urokinase therapy in mesenteric venous thrombosis: a case study (Crouch). 1993;11:99-103

Vascular rehabilitation update
Physician support for a vascular rehabilitation program: when, where, and how to get it (Ekers). 1993;11:26-7
Selecting a treadmill for home use (Maune). 1993;11:86
Vascular rehabilitation: structured, yet flexible and creative (Brannon). 1993;11:54-5
Vascular surgery
Management of patients undergoing vascular surgery who are receiving epidural analgesia (Matula). 1993;11:104-7
Vena cava, inferior
Interruption of the inferior vena cava for venous thromboembolic disease (Nunnelee and Kurgan). 1993;11:80-2
Vena cava filters
Interruption of the inferior vena cava for venous thromboembolic disease (Nunnelee and Kurgan). 1993;11:80-2
Venous insufficiency
The management of chronic venous disease (Lovell et al). 1993;11:43-7
Normal venous anatomy and physiology of the lower extremity (Notowitz). 1993;11:39-42
Venous thromboembolism; *see* **Thromboembolism**
Venous thrombosis; *see* **Thrombophlebitis**
Venous ulcer; *see* **Ulcer**
Viewbox
Viewbox. 1993;11:29, 58, 89, 124

Walking
Selecting a treadmill for home use (Maune). 1993;11:86
Well-being
Well-being and concerns of patients with peripheral arterial occlusive disease (Crosby et al). 1993;11:5-11
Wound healing
Effects of nutritional status on wound healing (Trujillo). 1993;11:12-8
